

ITPartners+ Ranked #90 on Tech Industry's Most Prestigious List of Global Managed Service Providers

Annual MSP 501 Identifies Best-in-Class Global MSP Businesses

Grand Rapids, MI (July 9, 2021) – ITPartners+ has been named as one of the world's premier managed service providers in the prestigious 2021 Channel Futures MSP 501 rankings.

The Channel Futures MSP 501 survey examines organizational performance based on annual sales, recurring revenue, profit margins, revenue mix, growth opportunities, innovation, technology solutions supported, and company and customer demographics. Managed services providers that qualify for the list must pass a rigorous review conducted by the research team and editors of Channel Futures that rank applicants using a unique methodology that weighs financial performance according to long-term health and viability, commitment to recurring revenue and operational efficiency.

“Though this is not our first year on the list, I don't take it for granted. Each year the competition grows, and the bar is higher, said Kevin Damghani, Chief Partner Experience Engineer at ITPartners+. “Our continued inclusion and highest ranking yet is the result of our outstanding team and partners. Without them, we wouldn't be here.”

“The 2021 Channel Futures MSP 501 winners are the highest-performing and most innovative IT providers in the industry today. They stand head and shoulders above the competition,” said Robert DeMarzo, vice president of content for the Channel Futures and Channel Partners Conference & Expo division of Informa Tech Channels.

The complete [2021 MSP 501 list](#) is available on Channel Futures' website.

About ITPartners+
