

ITPartners+ Breaks Top 25 on Tech Industry's Most Prestigious List of Managed Service Providers Worldwide

Channel Futures Annual MSP 501 Identifies Best-in-Class Global MSPs

Grand Rapids, MI (June 20, 2022) – ITPartners+ garnered the #23 spot on one of the world's premier managed service providers in the prestigious 2022 Channel Futures MSP 501 rankings. This is the fourth outing for ITPartners+ on this list and a jump of 67 spots from last year.

MSPs that qualify for the list must pass a rigorous review conducted by the research team and editors of Channel Futures. It ranks applicants using a unique methodology that weighs financial performance according to long-term health and viability, commitment to recurring revenue and operational efficiency.

"It feels momentous to say that we are one of the top 25 MSPs worldwide, said Kevin Damghani, CEO at ITPartners+. "I know I say it every year, but it's because of our outstanding team and partners that we are here. This isn't something I, or anyone, can do on their own."

This year's list once again attracted a record number of applicants, making it one of the most competitive in the survey's history. Winners are being recognized on the Channel Futures website and will be honored at a special ceremony at the Channel Futures MSP Summit + Channel Partners Leadership Summit, Sept. 13-16, in Orlando, Florida.

"The 2022 Channel Futures MSP 501 winners are the highest-performing and most innovative IT providers in the industry today," said Allison Francis, senior news editor for Channel Futures. "The 501 has truly evolved with the MSP market, as showcased by this year's crop of winners. This is also the fifth consecutive year of application pool growth, making this year's list one of the best on record."

The complete [2022 MSP 501 list](#) is available on Channel Futures' website.
