

For the 3rd Time, ITPartners+ Appears on the Inc. 5000
Inc Magazine's Annual List of America's Fastest Growing Private Companies

Grand Rapids, MI (August 16, 2022) – *Inc.* magazine included ITPartners+ in its annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies, for the third year in a row. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses. Facebook, Chobani, UnderArmour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000

"It's very exciting to earn our third inclusion," said Kevin Damghani, CEO at ITPartners+. "It gets more difficult each year to keep up this growth, but we have a team of rock stars here. I'm so thankful."

The companies on the 2022 Inc. 5000 have not only been successful, but have also demonstrated resilience amid supply chain woes, labor shortages, and the ongoing impact of Covid-19. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at inc.com/inc5000.

"The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated," says Scott Omelianuk, editor-in-chief of Inc. "Inc. is thrilled to honor the companies that have established themselves through innovation, hard work, and rising to the challenges of today."
