

For the 4th Time, ITPartners+ Makes the Inc. 5000 Inc Magazine's Annual List of America's Fastest Growing Private Companies

Grand Rapids, MI (August 15, 2023) – Inc. revealed today that ITPartners+ is included in the 2023 Inc. 5000, its annual list of the fastest-growing private companies in America. The prestigious ranking provides a data-driven look at the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses. Facebook, Chobani, Under Armour, Microsoft, Patagonia, and many other household name brands gained their first national exposure as honorees on the Inc. 5000.

“Being recognized on the Inc 5000 list of fastest-growing companies is always an honor, but to make it for the fourth consecutive year is a testament to the unwavering commitment, innovation, and resilience of our entire team,” said Kevin Damghahi, CEO at ITPartners+. “This recognition reaffirms our drive and dedication to not only grow but to make a significant impact in our industry. I extend my deepest gratitude to our team and our partners, who have been instrumental in our journey. Here's to pushing boundaries and setting even loftier goals for the future!”

The Inc. 5000 class of 2023 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges.
